Sign at the west end of "For the Kids Way" to indicate "Access to Ramp 4 Only, No Thru Traffic"

Walk-through/drive-through overhead protection to extend into bicycle parking area. Overhead protection to meet with existing overhead protection, sidewalk will be closed in-front of bicycle parking therefore pedestrians to be routed into the ramp or across the street.

Lift access required, one lane east bound to be closed in shaded area only, duration - three weeks. Bicycle parking to remain open, accessible from within the garage (north entrance to be closed). Lift access area to be blocked off to pedestrians by contractor.

Road work and regulatory signs will be erected on "For the Kids Way" as required by local regulations. Pedestrian detours to adjacent crosswalks will also be provided by contractor at all affected areas.
